

ANNOUNCING THE FORMATION OF
THE ASSOCIATION OF SURGICAL FACULTY

AND

THE INITIAL MEETING

Saturday, December 1, 1984, 5:30 to 7:30 p.m., Colorado Room of the Sheraton

REQUIREMENTS

- 1) Member in good standing of the American Academy of Dermatology
- 2) 5 years in teaching surgical subjects at the American Academy of Dermatology

PURPOSES

- 1) To afford special recognition to surgical faculty who serve the Academy for 5 or more years.
- 2) To allow a forum for presentations by advanced surgical peers to advanced surgical peers, with the resulting interchange of knowledge therefrom.

MEMBERSHIP COMMITTEE

Stephen H. Mandy, M.D. - Miami, Florida
Lawrence M. Field, M.D. - San Luis Obispo, California
Gerald Bernstein, M.D. - Seattle, Washington
Richard G. Glogau, M.D. - San Francisco, California
Thomas Lyles, M.D. - Tyler, Texas
James Stagnone, M.D. - Albuquerque, New Mexico
Ronald Lubritz, M.D. - Hattiesburg, Mississippi
George Popkin, M.D. - New York, New York
James Pinski, M.D. - Chicago, Illinois
Sheldon Pollack, M.D. - Durham, North Carolina
Henry Roenigk, Jr., M.D. - Chicago, Illinois
Edward Cavanaugh, M.D. - Upland, California

Qualified individuals interested in applying for membership in the Association should submit their credentials fulfilling the above criteria to:

THE ASSOCIATION OF SURGICAL FACULTY

* Stephen H. Mandy, M.D., P.A.
8720 N. Kendall Dr., Suite 118
Miami, Florida 33176

or

Lawrence M. Field, M.D., F.I.A.C.S.
84 Santa Rosa Street
San Luis Obispo, California 93401

Conferees - Initial Meeting - Association of Surgical Faculty

Michael J. Albom, M.D.	New York, N.Y.
Richard G. Bennett, M.D.	Los Angeles, Calif.
Gerald Bernstein, M.D.	Seattle, Wash.
Gary L. Brauner, M.D.	New York, N.Y.
Edward B. Cavanaugh, M.D.	Upland, Calif.
Roger I. Cieley, M.D.	Des Moines, Iowa
Lawrence M. Field, M.D.	San Luis Obispo, Calif.
Richard G. Glogau, M.D.	San Francisco, Calif.
Daniel A. Gormley, M.D.	Los Angeles, Calif.

Dermatology
Dermatologic Surgery

The Lennar Center - Suite 118
8720 N. Kendall Dr. - Miami, Florida 33176

305-279-5078

Dear Member:

The initial meeting of the Association of Surgical Faculty was held in conjunction with the AAD meeting on Saturday, December 1, 1984. All who attended (list enclosed) were unanimous in their feeling that the meeting was successful. Certainly the endeavor was worthwhile and our intention is to continue meetings in the future. We are most anxious for any comments and suggestions regarding the format of future meetings. Our tentative concept is to have 30 presentations (maximal), each presentation being no more than two minutes in length, and the discussion following the presentation being limited to two minutes. We will also endeavor to obtain CME credits for the two hour session.

I strongly encourage all of those who attended, as well as members of the membership committee, to solicit those they know are eligible for membership in the Association to submit a letter dating their membership in good standing in the AAD and five years of previous teaching of a surgical subject at the AAD meeting. We hope that in the near future all faculty of surgical subjects at the Academy will be members of our Association, and contribute.

Enclosed you will find a list of those members who attended the initial meeting and a summary of the presentations and we look forward to participation of everyone in the future. Your assistance in obtaining new members for this years meeting will be appreciated, and we hope it will be as exciting as was this past initial meeting.

Sincerely yours,

Stephen H. Mandy, M.D.

SHM/nn

To: Members of the Association of Surgical Faculty

Dear Doctors:

For all who attended, you know the first meeting held December 1, 1984 was a great success.

We have had some difficulty getting the information out to everyone, but I am told a letter to the Editor of the JDS&O will be forthcoming to appraise everyone of our requirements for membership. Along that line, we continue to have occasional applications, but, still, many people just don't know or realize that they must make formal application.

Our time slot at the next Academy meeting is Saturday, December 7, at 5:30 p.m. in Conference Room 3 at the Hilton Hotel. After discussing the situation with multiple members, we think it will be best to have 30 presentations of two minutes each with two minutes for discussion. This will allow a great panorama of presentations by different people of varying interests. Each presentation should be equivalent to your "case of the year" - dramatic, startling, fantastic, innovative, crushingly disappointing, or catastrophic and resulting in litigation.

Additionally, with this letter, is a list of applicants whose CV's fulfill requirements for membership. Any member of the membership committee having knowledge to the contrary should disperse that information freely to all other members of the membership committee. It is vital that we be straightforward about our membership.

The Academy has rejected our feeling that our proper name should be "The Association of Surgical Faculty of the American Academy of Dermatology." That may come to pass some day, but in the interim, we'll just enjoy the stimulating presentations in our small, privileged group.

Sincerely,

P.S. At this point in our growth, we think the rule should be "attendees must present." When our membership exceeds 30, we will perhaps arbitrarily select presentees from the assemblage, so that each person attending will be prepared to present, even if not called. That will put equal weight on each member to do a good job. We will not have the same people presenting every year while others are "along for the ride" without giving as well. In this organization, you must give in order to receive.

To that end, would you please tender the name of your presentation to Larry Field by mid-November, 1985? A program will be evolved, a timer will be present, and we will have a great time?

Stephen H. Mandy, M.D., P.A.

APPLICANTS FOR MEMBERSHIP

Joel Barkoff - Albuquerque, N.M.
Daniel Gross - Tarzana, Calif.
Thomas Hill - Decatur, Ga.
Emanuel Kuflik - Lakewood, N.J.
Leonard Lewis - Miami, Fla.
Perry Robins - New York, N.Y.
June Robinson - Chicago, Ill.
Jack Sebben - Auburn, Calif.

Summary of the initial meeting of the Association of Surgical Faculty

1984

Dr. Lawrence Field presented the excision of a recurrent basal cell carcinoma of the ala with reconstruction via a flap, a subsequent delayed positive pathology report and then the subsequent redissection of the ala via a lateral rhinotomy and dissection from within the nasal vestibule and repair by graft resulting in a complete reconstruction of the ala.

Dr. Stephen Mandy reviewed in-office analgesia with nisentil and sublimaze and nitrous oxide. Also the use of a sweat band to absorb blood in scalp reductions was presented.

Dr. Sheldon Pollack reported two cases of monilia infection during immediate post-operative period in dermabrasion.

Dr. Ronald Lubritz presented a report of cartilage loss with through and through freezing of a basal cell carcinoma on the ear and resulting deformity.

Dr. Thomas Hill presented two cases of scar revisions.

Dr. Gerald Bernstein presented the treatment of a erythroplasia of quierat with 5FU and its recurrence following that treatment and final repair by chemosurgery involving the urethra.

Dr. Thomas Lyles discussed a nasolacrimal apparatus as it is relates to the treatment of skin cancer of the eyelids. Attention was focused on the compensation for loss of this apparatus as it relates to age.

Dr. Michael Albom discussed the difficulty of moving rhomboid flaps on the scalp.

Dr. Richard Glogau presented the use of a suture sling attaching to bone in order to fix the position of anatomically important structures while wounds heal by secondary intention.

Dr. Samuel Stegman described the use of a "hinge flap repair" of the notched nose following cancer surgery.

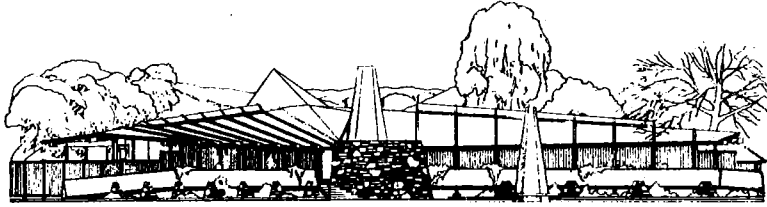

This concludes the summary of the Association of Surgical Faculty.

PROGRAM

ASSOCIATION OF SURGICAL FACULTY MEETING - LAS VEGAS, NEVADA DECEMBER 7, 1985

-
- Leonard Lewis, M.D..... Commentary on the Modified Webster Lift
- Daniel Gross, M.D..... Congenital Nevus Treated by Cryo-Therapy: Initial Short Term Report
- June Robinson, M.D. "Half a Head" of Basal Cell Carcinoma
- Henry H. Roenigk, Jr., M.D.. Atypical Keloids Following Dermabrasion in Patients Treated with Accutane
- Perry Robins, M.D. When to Say "NO" to Surgery
- Joel Barkoff, M.D. Frustrations with Eyebrow Transplants
- Jack E. Sebben, M.D. Malignant Acrospiroma of the Finger Treated by Mohs Surgery
- James J. Stagnone, M.D. An Innovation in Surgical Instrumentation
- Marvin Chernosky, M.D..... The Needle, the Needle Holder, and the Intra-Cuticular Running Suture
- Thomas Alt, M.D..... Successful Pubic Hair Transplantation (in absentia) (presented by L. Field, M.D.)
- Richard Bennett, M.D..... Reconstruction of Nasal Tip Defect
- Emanuel Kuflik, M.D..... Cryosurgery for Recurrent Carcinoma of the Nose
- Gary D. Monheit, M.D..... Refinements of the Nasolabial Flap
- Stephen H. Mandy, M.D..... Contact Dermatitis to Topical Antibiotics - a Complication of Dermabrasion
- Gerald Bernstein, M.D. A Reconstruction of a Partial Thickness Wound of the Ala Nasi/Alar Fold Using Combination Advancement of Flap and Full Thickness Graft
- T. W. Lyles, M.D. The Handy Transposition Flap
- E. B. Cavanaugh, M.D. The Raised Eyebrow as a Surgical Complication: A Method of Correction
- Samuel Stegman, M.D. The Nasolabial Fold Flap with a Tab
- George Popkin, M.D. A Few Surgical Complications and Their Treatment
- Michael Albom, M.D. Dilemmas of Skin Grafting
- Hiram Sturm, M.D. Another Approach to Hypertrophic Scars (Keloids)
- Roger Ceilley, M.D. A New Bolster for Skin Grafting
- D. Bluford Stough, M.D. The "Comet" and "Sling" Flaps - an Update.
- Chester Sidell, M.D. Wedge Removal of Ear Helix CA
- Lawrence M. Field, M.D..... Liposuction Cannula Flap Dissection for Lateral Neck Reconstruction - the first case report

DERMATOLOGIC PLASTIC SURGERY CLINICS OF CALIFORNIA

December 16, 1985

TO ALL MEMBERS OF THE ASSOCIATION OF SURGICAL FACULTY

RE: Recent and future programs

Dear Doctors:

Having survived our second meeting, I believe the opinion is unanimous that we enjoyed it. I believe opinion is overwhelmingly to keep the format informal, fast-moving, and to not let it bog down with the commentaries of so many bright, inquisitive and slashing minds.

Many of us discussed changing the format, and I guess we decided we would hold it the way it is. Mention was made of expanding the time to three hours, but others think it premature to do that. Mention was made of going somewhere for a dinner and presentation meeting, but others think the women would be disturbed if we left them, and that they might not enjoy the professional scene at all and resent our participation. I did make personal apologies to the young doctor who inadvertently entered our arena, but he is very understanding and forgives our cloistering ourselves. We also discussed "passing the gavel" around. It seemed almost everyone thought to leave the situation alone, although the time might come when the Association wants to become more formal, evolving strict rules and regulations on succession, etc. We would be happy to hear from anyone on any of these subjects. It is important to stay "above board" and be forthright amongst ourselves, and I know Steve Mandy shares that desire with me.

Sam Stegman informed me the Academy Board of Directors has again declined the addition "of the American Academy of Dermatology" to our name. My own thought is they are missing the boat, because our very existence increases the brightness of the Academy's star. Nevertheless, we exist for mutual education and fun, not politics, and will let things rest for now. We are "The Association of Surgical Faculty", and hold our meetings in conjunction with the Academy meeting. At least it gives many of us

PLASTIC, RECONSTRUCTIVE AND COSMETIC
SURGERY OF SKIN, HAIR AND SCALP
TUMORS, MOLES, AND SKIN CANCERS
DERMABRASION
CHEMICAL FACE PEEL
COLLAGEN • SILICONE
HAIR TRANSPLANTATION
SCALP REDUCTION
LIPO-SUCTION SURGERY

LAWRENCE M. FIELD, M.D., F.I.A.C.S.
AMERICAN SOCIETY FOR DERMATOLOGIC SURGERY
INTERNATIONAL SOCIETY FOR DERMATOLOGIC SURGERY
AMERICAN ASSOCIATION OF COSMETIC SURGEONS
AMERICAN ACADEMY OF FACIAL PLASTIC AND RECONSTRUCTIVE SURGERY
INTERNATIONAL SOCIETY OF AESTHETIC SURGERY
AMERICAN SOCIETY OF LIPO-SUCTION SURGERY
AMERICAN BOARD OF COSMETIC SURGERY

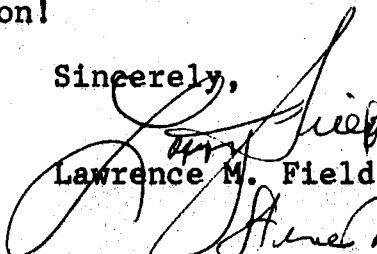

something toward which to point at the yearly meeting!

I want to thank each and every one of you for contributing, sharing, and assisting the others amongst us who had questions or problems. We now all know the format for next year, and all of us should look for that specific case, complication, etc., which each will share with the rest to instruct or seek our friendly collective counsel.

No matter what date the Academy assigns us, we expect to start on time and finish on time. Thus, if any are four minutes late, he/she will have missed the first jewel. We can give thirty four-minute presentations -- making the program the fastest moving, most productive two hours ever known in the history of the Academy!

We'll be in touch again soon!

Sincerely,

Lawrence M. Field, M.D., FIACS

Stephen H. Mandy, M.D.

LMF:th

P.S. Blu Stough just called me about changing our name to "Dermatologic Plastic Surgery". They are some of my favorite words in the whole world, but ~~we~~ think "The Association of Surgical Faculty" serves us better collectively. We solicit your input to this suggestion.

Blu would like to throw the presentations open to observers, but restrict commentary to the actual "Association" members. Here, too, we differ in our opinion, but we again seek commentary and counsel.

We have already survived our birth pains, and we may have some growth discomfort, but we're going to eventually do very well.

ASSOCIATION OF SURGICAL FACULTY

ANNUAL MEETING 1987

- ~~1.~~ Buford Stough "A Surprise".
- ~~2.~~ Dan Gormley "The Use of Delayed Retroauricular Flaps for the Repair of Defects on the Anterior Aspect of the Auricle and the Helical Rim".

ASSOCIATION OF SURGICAL FACULTY MEETING
ABSTRACTS FOR MEETING - DECEMBER 1988

<u>NAME</u>	<u>TITLE</u>
5:35 Michael Albom	Unexpected problems with basal cell carcinomas
5:39 Thomas Alt	Micrografting of the anterior chest wall for correction of sparse growth.
5:43 Richard G. Bennett	Melolabial Fold -- Rotation Flap to Nasofacial Angle
5:47 Gerald Bernstein	Treatment of Unusual Malignant Melanomas Utilizing Modified Mohs Surgery.
5:51 E.B. Cavanaugh	Running W-plasty in the treatment of an anti-RSTL Hypertrophic Scar.
5:55 Lawrence M. Field	Correction of a Nasal Root Contracture Deformity Utilizing a Glabellar Muscle Transposition Flap
5:59 Samuel Stegman	Foley Catheters in Derm. Surgery
6:03 Barry A. Goldsmith	Two Cases of Verrucous Carcinoma of the Scalp--Unusual Presentation and Location, A Lesion that Needs to be Treated Carefully and with Respect
6:07 Daniel E. Gormley	Dermolipectomy as an adjunct to abdominal liposuction.
6:11 Blake Goslen	Presuturing as an aid to Primary Closure
6:15 David R. Harris	The use of Drywall screen in combination with silicone-carbide sandpaper and trichloroacetic acid for treating scars and rhytides.
6:19 Thomas G. Hill	Fat Grafting the Breast: Reconstruction of Unilateral Congenital Micromastia
6:23 Emanuel G. Kuflik	Cryosurgery of Difficult Ear Tumors in a High-Risk Patient
6:27 Leonard A. Lewis	Necrosis in Small Occipital Flaps
6:31 Steve Mandy	Dermabrasion of a dermabrasion scar
6:35 Gary D. Monheit	Variations in the technique of harvesting and positioning mini grafts for hair transplantation.

6:39	Sheldon V. Pollack	Matricectomy using an Electrosurgical Matricectomy Electrode.
6:43	George L. Popkin	Lesions Around the Vermilion
6:47	Stuart J. Salasche	Frontalis-Associated Lipoma of the Forehead
6:51	Jack E. Sebben	Recurrent Xanthelasma in Hyperlipidemia
6:55	Chester M. Sidell	Removal of Cancer and repair of ala-nasi with rotation flap.
6:59	Dowling B. Stough	Presuturing
7:03	Hiram M. Sturm	Evertor Strip Closure of Small Surgical Wounds
7:07	Douglas Torre	Simple Rapid Heat Sterilization of Non-Sharp Instruments
7:11	Ronald G. Wheeland	Use of a Low Power Argon-Dye Laser in the Treatment of Cutaneous Vascular Abnormalities
7:15	John A. Zitelli	Reversed Nasolabial Flap

Dr. James Pinski will attend - NO PRESENTATION
